Description:

Product Description

Surveys reveal that a majority of Christian young people walk away from Christ after four years of a university education. Why? Because they are not prepared to defend their faith in a world that, in most cases, presents ideas contrary to their biblical beliefs. This 12-week curriculum, interactive study takes students on a journey into the world of ideas that are shaping our culture while teaching them biblical responses. Created for use in homeschools, Christian schools, Sunday school, youth groups and colleges, this one-of-a-kind study lays the groundwork in the 10 disciplines: Theology, Philosophy, Biology, Psychology, Ethics, Sociology, Law, Politics, Economics,

and History.

The Student Journal encourages students to spend time daily interacting with the ideas gleaned from each teaching session.
