Product Description

The Bible reveals God as the creator and lord of everything: "The earth is the LORD's, and everything in it" (Psalm 24:1). Yet for many people, including many Christians, this comprehensive worldview has become obscured. A line divides personal faith from daily life, work, and recreation, and we are left feeling fragmented, disconnected, and without purpose.

But God is at work today, leading a generation back to an undivided understanding of the kingdom of God and the earth. What lies beyond the sacred-secular divide? A fulfilling, integrated life that unites faith and action, the spiritual and the physical, Sundays and the rest of the week.

God cares about every part, and we have the incredible opportunity to join him in his all-encompassing, redemptive plan for our world. What are we waiting for?

Revolutionizing the lives and renewing the minds of believers and local churches from North America to Africa, the Kingdom Lifestyle Bible Studies help people grow in their relationship with the King and his kingdom. Each tested, insightful study is designed for group or individual use and equips believers to engage in a vibrant life with Christ and offer healing to a broken world.
